FILE FORMATS

Depending on your printing needs, logos are available in the following formats:

EPS Files

Designed For: Printing High Quality Logos and 2 color logos. Can print on CMYK (four color) or PMS (spot color) types of high quality pieces.

JPEG/JPG RGB Files

RGB Designed For: Screen display (TV and/or computer screen), especially for use on Web Sites. **NOT** for printing because files are low resolution and RGB formatted.

JPEG/JPG CMYK Files

CMYK Designed For: Printing High Quality work on printing press or color toner printers. Only for printing CMYK (four color) and high quality pieces. Use CMYK JPG Files in your MS Word files, not the RGB low res files.

CO-BRANDING

The dominant brand, **Butte College** should **always be shown on the left or on top**, the partner logo is always on the right or on the bottom. Maintain the proper clear space around each logo. To maintain consistency of the Butte College brand, departments and organizations must follow the guidelines below.

- Always display the Butte College logo larger than your own mark.
- When logos are stacked vertically separate them by a minimum distance of .25".
When the logos are placed horizontally separate them by .5".
- Do not use any visual divider between the logos or any extraneous design elements.

These examples illustrate the proper way to co-brand with the Butte College logo.

VERTICAL ARRANGEMENT

HORIZONTAL ARRANGEMENT

Sponsorships

When the Butte College logo is featured with multiple sponsors:

- It is preferred to use the full color horizontal logo on a white background whenever possible.

All use of logos require prior approval by the Office of Institutional Advancement, 895-2959.
